

Virtual Reality-based Stroop Test Eye-Tracking Signals for Mild Cognitive Impairment Dataset (VRSTM)

License Agreement

By signing this document the user, he or she who will make use of the dataset, agrees to the following terms.

1. Commercial use

The user may only use dataset for academic research. The user may not use the database for any commercial purposes. Commercial purposes include, but are not limited to:

- training or proving the efficiency of commercial systems,
- selling data from the dataset,
- creating military applications

2. Distribution

The user may not distribute the dataset or portions thereof in any way, with the exception of using small portions of data for the exclusive purpose of clarifying academic publications or presentations.

3. Access

The user may only use the dataset after this license agreement has been signed and returned to the dataset administrators. The user must print and sign the paper, then scan it and send it by email. Please send the scanned license agreement to Wentao Xiang (e-mail: xiangbmu@njmu.edu.cn). Upon receipt of the paper, a link to access the dataset will be issued. The user may not grant anyone access to the database by giving out their link.

4. Changes

VRSTM administrators reserve the right to change this license agreement at any time.

5. Warranty

The dataset comes without any warranty, the VRSTM administrators cannot be held accountable for any damage (physical, financial or otherwise) caused by the use of dataset.

6. Citations

If you use this dataset in your research, please cite the following paper:
